Canus Goats Milk Products

A dog's PH is one of the highest among mammals. The high alkalinity makes their skin particularly sensitive and susceptible to irritations, rashes and those dreaded hotspots. Nature's Dog Fresh Goat's Milk Shampoo with Blue Cedar Fragrance uses the unique, naturally moisturizing properties of fresh goat's milk to soothe your dog's skin while gently foaming away dirt and grime. Neem and Juniper oils naturally repel fleas and ticks, and fight dandruff. Tea tree and Meadowfoam seed oils relieve and heal dry skin and hot spots while shea butter helps condition and bring a healthy shine to even the longest coat. It's an all-in-one spa treatment for dogs! Available in 16 oz. bottles or as shampoo bar soap.

The All Natural, Alcohol Free Goat's Milk Wipes make it easy to clean up after a walk and keep your pooch and your floors, rugs and upholstered furniture dirt-free. The thick, spongy towel wipes are pre-moistened with fresh goat's milk and conditioners. Soft and soothing, they make it easy to clean mucky bellies, chests, legs and haunches. They're also gentle enough to use on hot spots, cracked pads or anywhere your dog needs a little skin rescue. 70 wipes per resealable foil pack.
